 Now with 5% discount for Web Orders

To use this order form, refer to the catalog page listed for a detailed description of the product. To order an item, put the Quantity desired in the Qty column for the size desired. If the price is blank, the item is not available in this size. Multiply the quantity times the price, and enter this in the Total Price column. Add up the Total Price column at the bottom of each page. Then transfer these numbers to the last page, add them up, add shipping from the table, add sales tax if applicable, and finally get the total price. Fill out the address information, slip it in an envelope with your check, or fax it to us with a credit card number, and we'll do the rest!

Samara Botane Retail Price List
